Ron Santo Walk to Cure Diabetes

October, 2010 – Peoria Campus

On Sunday, October 3rd, students from our Peoria campus participated in the Peoria edition of the annual Ron Santo Walk to Cure Diabetes. There were over 1000 participants in the event, which included a 1 mile walk, exercise exhibits, healthy food choice vendors, and other activities. This was the third successive year TUBC Peoria has participated in this important fund-raising event.

Our students provided a "Crazy Hair Salon" (see below), where children and their families received complimentary fun and crazy hair styles consisting of colorful braids and up-do styles adorned with bows, feathers and fun accessories.

RON SANTO

WALK  TO CURE DIABETES
