

Tricoci University provides TLC to . . .

Midwest Food Bank

November, 2010 – Peoria Campus

During November, 2010, our Peoria Campus participated in a major food drive, called "Thanksgiving Give Back," with the Midwest Food Bank, based in Peoria. This organization distributes food to over 500 needy organizations in the Midwest.

The student council set a campus goal of collecting 300 food items through the month of November, and exceeded the goal by collecting 340 items! Student salon guests were included by putting their name in a drawing as many times as items they donated. Each week, we drew the name of a guest, who won a free beauty service.

The campus plans to make this an annual Thanksgiving tradition, and looks forward to collecting even more items next year!
