

Tricoci University provides TLC to . . .

JC Proctor Endowment Home

April, 2011 – Peoria Campus

On Monday April 11, TUBC Peoria students set up a "Spa Day" at JC Proctor Endowment Home, which is a "life-care" non-profit retirement community that has served the Peoria area since 1906. The organization was founded by Peoria philanthropist John C. Proctor.

Our students helped provide a day of luxury by providing polish changes, hand massages and good company. The residents and the students had a lot of fun together. Our students particularly enjoyed this opportunity to give back to their community in such a "feel good" way.
