

*Tricoci University provides TLC to . . .*  
***Susan G. Komen Breast Cancer 3 Day***  
**August, 2009 – All TUBC Campuses**

*In the months leading up to the Chicago “Breast Cancer 3 Day” event, all of our campuses provided support to the Susan G. Komen for the Cure Foundation, which provides funding and increases awareness for breast cancer research. Lina Alvarado, a TUBC teacher and breast cancer survivor, walked 60 miles during the 3 day event (Aug 7-9). The picture below shows Lina (in a pink t-shirt and bandanna) just prior to the start of the walk, surrounded by her immediate family and some of her TUBC extended family! In support and recognition of Lina, TUBC associates and students provided \$1,398 in donations to Komen for the Cure, which Tricoci University matched to provide a total contribution of \$2,796.*
