

Tricoci University provides TLC to . . .

Peoria Cancer Society

October, 2009 – Peoria Campus

On Tuesday October 27th, the Peoria students volunteered to help a fundraising activity for the Peoria Cancer Society, hosted by Bradley University in Peoria. The students performed hand massages and polish changes to Bradley students that paid a fee to be part of the event. The Bradley students were offered a number of services by other vendor participants to expand the fundraising opportunity.

All proceeds went to the Peoria Cancer Society. TUBC students were able to get to know fellow college students in the area. Everyone had a really good time!
