## *Ron Santo Walk to Cure Diabetes*

**September, 2009 – Peoria Campus**

*On September 13, 2009, students and teachers from our Peoria Campus provided support for the Ron Santo Walk to Cure Diabetes, held in Peoria, IL. The students and teachers hosted a "crazy hair salon" to allow kids and their parents to express themselves and have some fun during the event. The makeshift "salon" created many updo styles, decorated with colorful pipe-cleaners (shaped into hearts, stars, etc.), glitter spray and other fun hair products.*

*It was a beautiful day in the park and everyone had a blast, especially the kids suffering from diabetes, who were really able to let loose and enjoy this day devoted to helping them.*
